

SEASON 2017/18

MIGHTY MIKA

On January 17th 2017 an extraordinary record was set when Mika Kohonen reached 1000 scoring points in the SSL. This fantastic achievement is a milestone in the floorball sport and marks a record that will most certainly never be broken. From all of us here at Unihoc we wish to send out our congratulations to you Mika, and we also want to thank you for a great co-operation over the years. A true sportsman, a great athlete and also a fantastic ambassador for the floorball sport as a whole. We are proud to be your partner!

10000

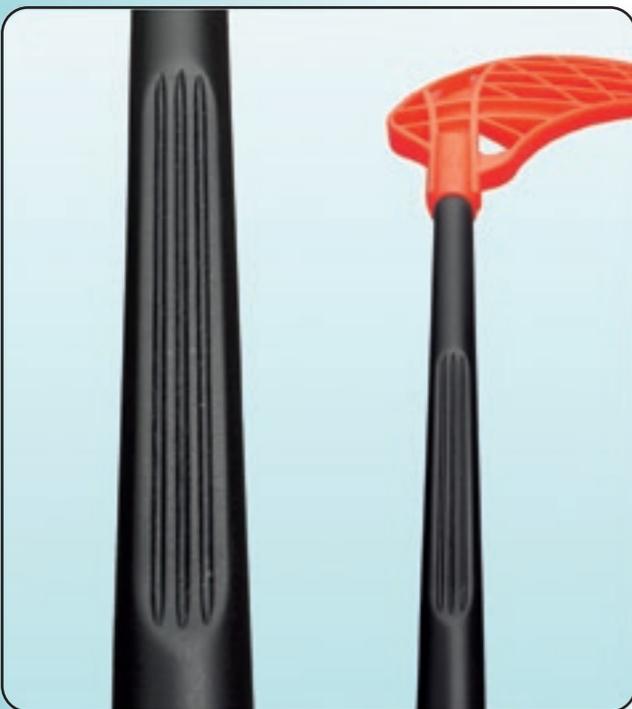

THE UPGRADE IS HERE!

EDGE

CURVE 1.0°

With a very modest 1.0° angle, placed very close to the bottom edge of the shaft, the new EDGE Curve will attract players of all types. No matter if you are used to playing with a straight or curved shaft, you will find that this fine-tuned mild angle will give you that extra power in your shots without sacrificing the control in your ball handling. The big new thing about this shaft, however, is not the perfect angle. The big thing is the reinforced flattened area on the lower backhand side, placed exactly in the center of the curve shape. The three parallel channels that run across this area fortify the construction, which causes the shaft to release extremely fast in the forward direction in the moment of the shot release.

EPIC

The EPIC series consists of a wide range of our best stick models, put together to offer the perfect choice for all player types. The easily playable EPIC blade with its good passing and shooting qualities suits many types of player styles, much thanks to its versatility. The stick design of the new series is stylish and low key and this year it has been given a mainly white design, with the glowing EPIC logo at the heart of the stick.

UNIHOOC

EPIC YOUNGSTER

MEDIUM CONCAVITY
MEDIUM PRE-HOOK

EPIC Youngster is 5 mm shorter than the regular EPIC blade. A perfect choice for younger players, with less weight and easier ball handling.

EPIC YOUNGSTER

Our popular junior segment features exactly the same design as for the senior sticks. EPIC Youngster has all the elements that makes the EPIC series so eye-catching and thus gives the opportunity for the youngsters to play with the same look as their senior idols. One big difference,

EPIC YOUNGSTER 36 NEON GREEN

36 Length: 55, 60, 65 cm

UNITY

UNITY is a stick series developed with the sole purpose of improving your shots. The carefully crafted blade has a massive concavity all the way from the heel to the top, and the playing surface is surrounded by a clearly marked frame that turns your stick into a veritable catapult. The UNITY stick series offers several options when it comes to shaft techniques, to make sure that there is a great choice for all player types. Exclusive chrome details have been mixed with eye-catching neon and pastel colours to create a stunning yet elegant look that will definitely take the spotlight.

REPLAYER

The ever more popular REPLAYER series is the new generation of the longtime bestseller series Player. The characteristics of the successful Player blade have been kept intact to make sure that all the fans out there will still recognize their old favorite, but several changes have been made nonetheless. The design and look of the blade have been modernized and extra strength has been added in the back heel to improve the firmness.

TEXTREME

As the pioneer brand in floorball Unihoc has always been aiming to bring the development of the sport, as well as the equipment, to new levels. The partnership with TeXtreme® is a major step in the constant search for bringing the most innovative products into the sport. It is a great privilege for Unihoc to collaborate with such a renowned supplier that matches the high demands for carbon fibre materials that are required to take the development of low weight sticks to a new groundbreaking level. We are very proud that we can now present an innovative range of sticks that are extremely light, but still offer the very best performance qualities on the market.

Two years ago we introduced the straight TeXtreme sticks on the floorball market, and last year this was followed by the introduction of TeXtreme Curve 1.0°. The success was immediate and it is clear that the players really appreciate the fine-tuned balance in these extremely light stick models. The sticks are created using the same impressive TeXtreme carbon fibre as for the straight sticks. These are the lightest Curve sticks in the world and the balance in the sticks is once again perfectly optimized.

As soon as it was clear to us that the introduction of the TeXtreme Curve 1.0^o on the market was a great success, we started to work hard to be able to offer another version of stick in the ultra light Curve segment, one with more angle on the shaft. The TeXtreme Curve 2.0^o is a close relative to the first TeXtreme Curve model, and the more aggressive shape of the shaft offers more shooting power but still keeps the same perfectly balanced shaft with extremely low weight.

The new U3 ELITE is a floorball shoe designed to give both added stability and great comfort. The new upper has been developed in ultra-modern PU materials to be able to support the foot during the quick and demanding floorball game, and in combination with areas of No-Sew hot-melt print applied on the breathable lightweight Micro Fiber mesh you get a shoe that is both strong and very light. Just like its predecessors, the U3 ELITE outsole features the successful SUPtraction rubber blend which gives an extremely good grip on the floor.

NO-SEW HOTMELT

Hotmelt outer shell print for stabilization and low weight.

REINFORCED ToeBox

Consists of a robust layer of PU on the Micro Fiber mesh to increase stability and durability.

NON-MARKING SUP TRACTION RUBBER

A highly advanced rubber blend created to give extreme grip and traction.

Unilite Insole

Our lightweight, quality footbed is a combination of comfort and support. The anatomic moulded footbed provides excellent cushioning.

Micro Fiber
for breathability and low weight.

Phylon Cushion Midsole
maximizes comfort and absorbs shocks during impact.

SUPtraction Rubber
offers superior traction on court surfaces.

RUNNER

① ② ③ ④ ⑤

① SHOCK ABSORBER

Heel Shock Absorber
Attenuates shock during the impact phases and increases comfort, whilst running.

② SIDE SUPPORT

UniHoc Side Support
Stabilizes the foot and gives the foot the needed stability for running.

③ SUPPORT BRIDGE

Support Bridge
The support bridge is built in to increase stability and maximize comfort. The bridge ensures that the foot gets supported.

④ TRIPLE FLEX

Triple Flex
Three grooves in the forefoot which give the runner the needed flexibility for running.

⑤ 3D MESH

3D Mesh
Breathable, lightweight mesh, which offers an excellent moisture management and is highly breathable.

SUITABLE COMBINATIONS

UNIHOOC
SEASON 2017/18

The OPTIMA line is a state-of-the-art goalie collection for which only high-end materials and fabrics have been used to guarantee the same high Unihoc quality as always. The series features several new additions such as injection Velcro at the waist and breathable fabric at the back of the knee, as well as the new flex panel above the knee to improve the movability for the goalie. The OPTIMA line includes two spectacular colour combinations for the goalie sets as well as several matching helmet designs.

NEW

FEATHER

The Feather model is a lightweight goalie set for which we have reduced the weight as much as possible to make it easier for goalies to move quickly across the floor. The back zippers on the pants have been replaced by straps to cut weight and the removable hip padding panels inside the waist have been removed. The arms of the sweater have been made without the usual thin padding to increase the mobility and to cut weight.

SHIELD

SHIELD is a modern goalie set created for the middle-end segment and it can be used either by goalies who practise seriously on a regular basis or by goalies who merely play for the sake of exercise. The SHIELD sweater is available in two different colour combos and the pants are designed to suit both sweater designs. The set offers good qualities for both practice and match, and it also matches the SHIELD goalie masks perfectly.

UNIHOOC
SEASON 2017/18

THIS BLADE IS...

EPIC

The EPIC blade is the latest addition in our product range, and it has been a huge success. It is an ultra-modern floorball blade with state-of-the-art design combined with top class functionality. The frame has a classic Unihoc shape and with its clearly marked step between the frame and the bars it offers great ball control and improved shot release. The concavity runs all the way from the heel to the top of the blade, but it has been slightly decreased in depth compared to the UNITY blade. This is a blade that will suit most player types well, as it offers both a great passing game as well as great shooting qualities.

TEAM UNIHOC

CUSTOMIZE YOUR OWN UNIQUE MATCH SET!

1

Choose any colours, logos and graphics that you wish and give your team a unique look and identity. Only your imagination sets the limits.

2

3

Now you can customize your own unique design for the Miami and Campione set by using sublimation technology. This means that you can create your team's match set exactly as you want it in terms of colours, logos, player names and numbers. The design is sublimated into the fabric, which gives a soft garment without any printed transfers on it.

UNIHOOC

BASIC COLLECTION

FLOORBALL TO THE PEOPLE!

The UNIHOOC BASIC COLLECTION is created to help spreading this fantastic sport across the globe. The floorball sport is getting more and more recognized and widespread each year and to be able to supply the new floorball markets with a suitable type of equipment to get the game going we have developed a range of products that is perfect for this purpose. Everything from goals, rinks, balls and entry level stick models are available with several options to choose from.

STICKS

GOALS

RINKS

WINNER

WINNER is a perfect stick for both kids and adults who are looking for a well-balanced, light and affordable floorball stick. The blade is concave on both sides to increase the usability and the blade is exchangeable. Together with a composite shaft and a sticky gripband it makes a good combination for all player types. The stick is approved by the IFF.

Art.no: 10360 Stick Unihoc WINNER black/green 75cm
 Art.no: 10361 Stick Unihoc WINNER black/green 87cm
 Art.no: 10362 Stick Unihoc WINNER black/green 96cm

SNIPER 30

SNIPER 30 is the top of the line stick in the UNIHOC BASIC COLLECTION and it is approved by the IFF. The stick has a composite shaft that comes with a sticky gripband and together with the easy-playing ACE blade it makes a great combination for a perfectly balanced floorball stick. The stick is approved by the IFF.

Art.no: 10371 Stick Unihoc SNIPER 30 white/blue 87cm L
 Art.no: 10373 Stick Unihoc SNIPER 30 white/blue 96cm L
 Art.no: 10375 Stick Unihoc SNIPER 30 white/blue 100cm L
 Art.no: 10372 Stick Unihoc SNIPER 30 white/blue 87cm R
 Art.no: 10374 Stick Unihoc SNIPER 30 white/blue 96cm R
 Art.no: 10376 Stick Unihoc SNIPER 30 white/blue 100cm R

STREET

STREET is the perfect stick for playing floorball outdoors. We have created a well-balanced and durable floorball stick with an extra tolerant blade in nylon material, which is much more sustainable compared to other blade materials. This will make the stick a long-runner when playing outdoors on rough surfaces such as asphalt or concrete. This stick is perfect for schools where the sticks often are used outdoors in different conditions.

Art.no: 10350 Stick Unihoc STREET white/orange 75cm
 Art.no: 10351 Stick Unihoc STREET white/orange 87cm
 Art.no: 10352 Stick Unihoc STREET white/orange 96cm

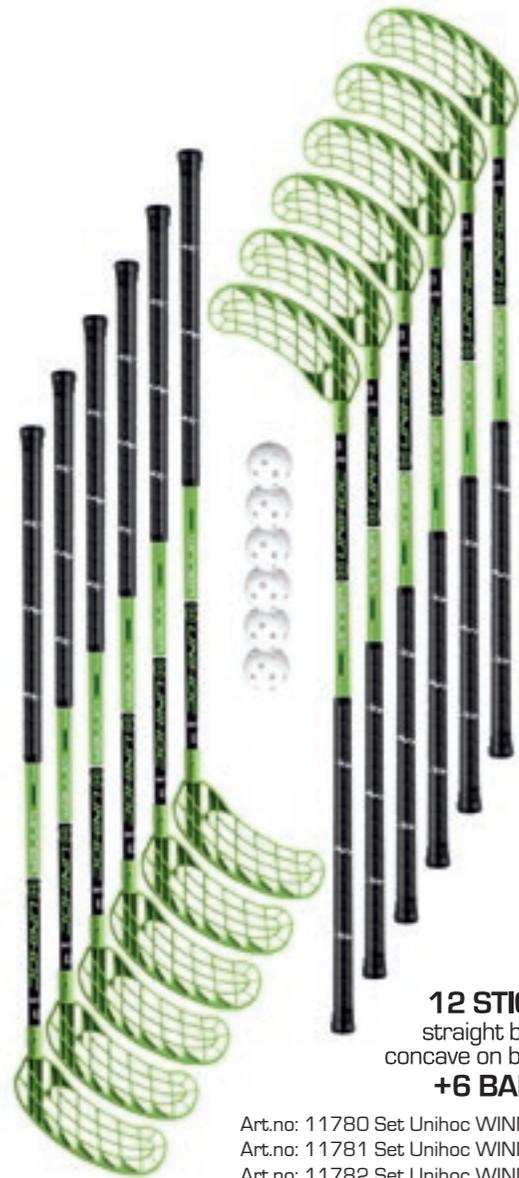

FIGHTER

FIGHTER is the starting model in the UNIHOC BASIC COLLECTION. The stick is made for beginners, schools or floorball players that look for an affordable stick made of great components. FIGHTER is made of a durable composite shaft, a blade that is concave on both sides and a sticky gripband.

FLOORBALL RINK

PREMIUM

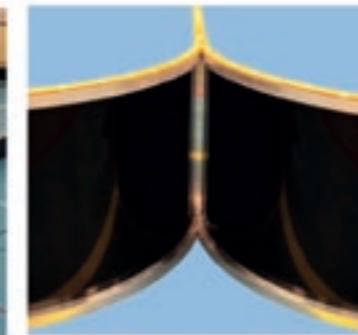

The new PREMIUM rink sets a new standard for floorball rinks in terms of sustainability, materials and design. We have gathered a lot of information from our teams and federations to create the best floorball rink out there. The demands are always increasing along with the growth of the sport, and that is why we are very proud to present this high end rink to the market. The rink has 6 mm thick walls made of polypropylene (PP) plastic material. The PREMIUM rink model comes with substitution zones clearly marked in white top rail colour.

Rink Premium

black complete 40x20m Art.no: 57950
black complete 24x14m Art.no: 57951

Rink can be customized according to required measurements.

Rink Premium Split system

The SPLIT SYSTEM™ is developed as a complement to the PREMIUM and BASIC rinks, to make it possible to divide the gymnasium into several smaller playing fields. The SPLIT SYSTEM™ consists of 4 pcs of corner parts, 14 pcs of 2.5m parts and 2 pcs of 1.5m parts (40x20m rink). A full-size playing field can thus be divided into 3 smaller fields as illustrated above. **Art.no: 57980**

FLOORBALL RINK

BASIC

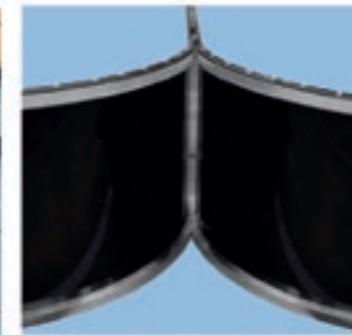

The new BASIC sets a new standard for floorball rinks in terms of sustainability, materials and functionality. This BASIC rink model has slightly thinner walls than the PREMIUM model, which gives it not only a reduced weight but also a lower price. This rink model comes in solid black colour with no deviating contrast colour for the substitution zone top rails.

Rink Basic

black complete 40x20m Art.no: 57955
black complete 24x14m Art.no: 57956

Rink can be customized according to required measurements.
