## BLAST SPAREPARTS

### JAWS 2772 DOMINANT

The Jaws 2772 Dominant is named after the jersey numbers of Rickie Hyvärinen and Henri Johansson. This newest innovation from Blast has been designed in very close cooperation with Blast sponsored players. The blade has more concave in the mid section, and has longer vertical rims to give more control of the ball and a soft touch. The base is stiff for hard shots, and the shape of the tip allows excellent possibilities for bending the blade.

Medium Soft Soft & Smooth

White, Red, Grey Blue Black, Silver

### JAWS XL

A new version of the original Jaws blade, the Jaws XL is a bit longer and has a stiffer heel, giving maximal power to shots. The unique nail at the base of the blade increases ball control, and prevents the ball from slipping away during wrist shots. The middle part of the blade is more quite straight, providing accuracy to shots and passes.

Medium Soft Soft & Smooth

White, Red, Grey Blue Black, Silver

### JAWS

The lightest blade available! The Jaws blade features a unique 'rail road track' system, giving perfect control of the ball while dribbling and shooting. Teeth like grooves in the middle of the blade and the malleable ball pocket at the tip, power distribution and shooting velocity are guaranteed.

Soft & Smooth

Black, White

### TRICKY LEROY

A traditional style blade, made with the revolutionary Soft & Smooth material, giving excellent, soft touch with the ball. The high performance material is available in different stiffnesses. This blade is for those passionate about floorball.

X-Stiff Medium Soft & Smooth

PA Antracite Grey, Metallic Black, Orange, White Purple, Pink

### D-BLASTER

A light blade which has a rather straight surface giving excellent precision to passes. The stiffer heel part gives maximal power transmission to the ball, allowing hard and accurate shots.

Medium

Orange, Metal Blue

### G-BLASTER

Blast G-Blaster is a pre-curved blade that is excellent for juniors, and players who want a blade that needs no adjustments. High quality materials in hard and medium stiffness, and the ball pocket at the tip of the blade give you perfect ball control.

Medium Soft & Smooth

Black White, Silver
